

# SpacePole Self-Service Kiosk™

Hardware agnostic, Modular, Configurable, Customisable

## A multifunctional kiosk with maximum flexibility for a wide range of self-service applications

The SpacePole Kiosk provides a configurable platform for self-service applications in the grocery, retail, hospitality, entertainment, and transportation sectors. Ideal for hospitality check-in/check-out, self-ordering, endless aisle, product display & advertising, ticketing, click & collect, and many more.

### Compatibility

The kiosk is compatible with screens and tablets from 10" to 32", payment devices from 20+ different payment vendors and a wide range of printer and scanner brands as well as security, audio and navigation devices.

### Features

- **Modular:** Floor, counter, and wall options can be built from the same products
- **Configurable:** Build the kiosk to suit your application. Add payments, scanning, printing, customer recognition cameras, NFC, and fingerprint readers as required, along with any tablet or VESA compatible display from 10" - 32"
- **Customisable:** A bespoke kiosk can be built for your exact requirements, with design modifications, change of colour, and specific hardware combinations
- **Robust Design:** The kiosk is intended for unattended self-service use in a range of high traffic environments

### Benefits

- **One look:** Your configuration can be free standing, counter, or wall mounted providing one standard platform across your self-service offering
- **Maximise ROI:** The kiosk allows for reuse of existing hardware, easy upgrades, and changes to the application. It supports most payment devices, printers, and a range of peripherals
- **Adaptable:** To potential self-service scenarios across multiple business applications
- **Peace of Mind:** The SpacePole Kiosk provides a strong, secure and stand-alone solution

Antimicrobial powder paint coating is standard for all metal products in black (02) for effective long-term protection from germs and bacteria. Metal products are also available in white, light grey and other colours.

# Self-Service Solutions

## Top modules

- VESA 75/75 and 100/100 compliant
- Key holes for easy screen mounting
- Internal cable management for a neat installation
- A range of mounting options for peripherals on the sides and at the top

**Kiosk Top Modules**  
(SPK110, SPK110-HP, SPK110-TOS)

## Center module

- Up to two internal peripheral options
- Secure fixing of internal peripherals
- Internal cable management for a neat installation
- Key locked (SPK211 / SPK212)

**Kiosk Center Modules**  
(SPK210, SPK211, SPK212)

## Floorstands

- Freestanding or bolted to the floor
- Internal cable management for a neat installation

**Kiosk freestanding module**  
(SPK310)

## Kiosk sets for printers:

SPK601 For Star Mc-Print3

SPK604 For Epson TM-M30

SPK607 Printer blanking plate

SPK609 For Toshiba HSP-100

SPK610 For Star TSP143

SPK620 For Kiosk integrated Printer Cover + Printer Plate for Bixolon SRP-Q300

SPK611 For Toshiba 6145-1TN

SPK612 For Epson TM-T88

SPK613 For HP H400

## Kiosk sets for scanners:

SPK600 For Datalogic GFS4470 series

SPK605 Scanner blanking plate

SPK608 For Magellan 1500i

SPK619 For Kiosk integrated scanner cover + bracket for Datalogic GFS4500 series

## Self-Service accessories

### Wall mounts

- Enables wall mounting of a top module separately or combined with a center module
- Easy upgrade option from counter / freestanding to wall
- SPK603 compatible with SPK110 / SPK110-TOS
- SPK602 compatible with SPK110-HP

SPK602

SPK603

### Peripheral arms

- Allows for peripherals to be added externally
- Use the same version for both left and right sided installations
- Two peripheral options on each arm (top and bottom)
- Compatible with SPK110/SPK110-HP, SPK110-TOS and SPK211/SPK212 modules
- Requires specific hardware mount, i.e., MultiGrip plate, scanner bracket or printer plate
- SPK615 / SPK617: Includes DuraTilt for optimal payment installation
- SPK615 / SPK616: Fits max 24" display in landscape mode
- SPK617 / SPK618: Fits max 24" display in portrait mode

SPK615

SPK616

SPK617

SPK618

### Straight payment brackets

- Allows for payment devices to be added externally
- Requires MultiGrip plates
- Allows for adjustment of the distance between screen and payment device for a perfectly aligned set-up

SPK511

SPK512

### Counter base plate

- Stable base for freestanding counter installation
- Compatible with SPK210 / SPK211 / SPK212

SPK515

### POSlift for Kiosk

- Allows for 180mm of height adjustment of the screen with two options: 1st position: 20mm down and 160mm up - 2nd position: 70mm down and 110mm up
- Compatible with SPK110 and VESA 75/75 and VESA 100/100
- Internal cable management
- Requires a flat surface on the back of the screen to operate correctly

SPSK514

## More accessories

### PAYlift (ACA308)

- Allows for 120mm of height adjustment of the payment device (towards the user)
- Includes tilting (-10 to 90 degrees)
- Includes rotation (90 degrees)
- Compatible with SPK616 / SPK618 and MH / MN

### Top Pole (SPK504)

- Allows for peripherals to be added externally to the kiosk
- 500mm with internal cable management
- Compatible with SPK110, SPK110-HP, SPK110-TOS

### MultiGrip plates

- Allows for mounting payment devices on to the kiosk
- Designed for a specific payment device for a perfect fit
- Compatible with SPK615 / SPK617 / SPK511 / SPK512 / ACA308

XXXXXX-MH

XXXXXX-MN

### Adapters

- SPK513: Allows for tablets to be mounted on the top module (SPK110)
- SPK513: Requires tablet specific SPAFxxxx or SPXFxxxx
- SPK614: Allows for VESA 200/200 displays to be mounted on the top module (SPK110)

SPK513

SPK614

### Kiosk Mover

- Allows for easy relocation of the freestanding kiosk
- Slides in over the floor base
- The Kiosk mover can easily be removed after relocation of the freestanding kiosk

SPK506
